CHARLOTTE (N. C.) ENTERPRISES.

Northern Capital to Be Put Into
Them.

CHARLOTTE, N. C., November 11.—(Special)—H. T. Dekker and Thomas
Mason, of the firm of Dekker, Mason & Co., New York brokers and investors,
have been here for two days investigating
the advantages of the city and environs.
They have interested New York investors
in the establishment of an immense power
plant and railway electric plant on the
Catawba river, which will furnish electric
power for all purposes to Charlotte. A
suburban and street railway line is also
to be built in connection with other large
enterprises. Mr. Dekker states that the
company would probably invest \$2,000,000
in the electric plant and other enterprises.
These capitalists returned to New York
to-night, and have decided to make a
report in favor of the investment. It is
expected that the company will be
organized at once. A liberal charter was
secured from the last Legislature.

MR. RYAN NOT A CANDIDATE.

WILL NOT Stand for Re-Election to
the House Speakership.

WASHINGTON, D. C., November 11.—(Special)—Hon. John F. Ryan, of Lou-
isiana, Speaker of the Virginia House of Delegates, was in the city to-day.
Mr. Ryan, speaking to your correspond-
ent, said he would not be a candidate
for re-election to the speakership of the next House. He has been elected
to the responsible position of Speaker
three times, and each time he has
been chosen by the most of the best-known
men in political life in Virginia, of recent
years. During the several terms in
which he was in office he has conducted
the legislation of the House with well-
recognized ability and credit to himself,
and to the satisfaction of the people of
Virginia. He is re-elected to the House
from Loudoun by his old constituents,
and will still be a useful member of the
body over which he formerly presided.
It can be said that no member possesses
the confidence and esteem of the people
of Virginia in a higher degree than does
John F. Ryan.

DWALE, V. A., November 11.—(Special)—
Your correspondent learns that there were
some serious troubles on McClure creek,

sulted in several shots being fired and
stones and knives being brought into play.
Only one man, however, was se-
riously hurt—Floyd Sutherland, who was
shot directly through the abdomen. His
wounds are thought to be fatal.
